

## Cattle Grid Update – Douglas Drive

Norfolk Island Regional Council would like to advise motorists that the Cattle Grid located at Douglas Drive has deteriorated and requests that transition across the grid be restricted to light traffic up to approx. 1.5T until further notice. All other Heavy vehicles above 1.5T should consider using an alternate route.

The manufacturing of a new cattle grid has commenced, which will replace the current one and once installed, restrictions will be removed.

Council thanks you for your co-operation and apologises for any inconvenience caused.

For further information or queries please contact the Roads Office 24217 or mobile 50884.
