
Lions Park BBQ and Play Area

The Norfolk Island Regional Council wish to advise that the recently installed public BBQs in the Lions Park have been subjected to acts of vandalism.

Typical activities include; the burning of plastics and other substances on the heated hotplates, the smashing of glass and the distribution of various forms of waste in and around the BBQ and playground areas.

Police are aware of these activities and Council Staff are currently looking into cost effective alternatives to better protect the area for public use. Council will be doing everything possible to identify the perpetrators of these activities.

Council thanks you for your co-operation and apologises for any inconvenience caused, whilst urging our community to be more proactive in protecting our public assets, so they can be enjoyed by all for many more years to come.

Malcolm Snell
