

MUSEUM SCHOOL HOLIDAY COMPETITION WINNERS

School Holiday Program – Competition winners announced

During the Easter school holidays, the Museum had over forty children participate in the holiday activities. We would like to thank all of the children who submitted entries for the 'Kingston' drawing competition. It was a tough selection for the judges to decide from.

The winner from the age group 5-8 years old is Cora Biggs. We loved seeing her depiction of two Quality Row buildings.

The winner from the 8+ age group is Daniella Randall for her drawing of Emily Bay on a sunny day, complete with snorkeling and sharks.

Again thanks to all those who submitted entries, we look forward to seeing you next holidays for more activities and competitions.
