

RESIDENTIAL WASTE GUIDE COLLABORATION

The recently printed Residential Waste Guide was a collaborative creation, and we thank all those who helped enable its production. We would particularly like to thank *Life Without Barriers* who provided three workers to adhere magnets to the guides.

Lleyton Clark, Cash Mills, and Jayden McCowan were assisted by *Life Without Barriers* staff Lauren Yager, and *Disability Support Workers* Luna Quattrocchi and Dan Christian - to apply magnets to the back of approximately 1000 Guides. The group's focused attention and commitment to the task enabled the work to be completed in a much faster time frame than anticipated.

How do you get a copy of the Guide?

Printed Waste Guides will be handed out to residents in the Foodland Mall on Saturday 19 February between 9:00am and midday. Cash Mills will be assisting the Norfolk Wave group with handing out the Guides, so come along and say “hi”.

If you can't attend on Saturday morning, you will be able to collect your copy of the Guide from the Visitor Information Centre from Monday 21 February onwards. Please note that there are a limited number of printed Guides. A digital version of the Waste Guide is available on The Norfolk Wave website. www.thenorfolkwave.com/w-m-c-updates

The Norfolk Wave Campaign is an Our Marine Parks Grants project that received grant funding from the Australian Government.
