

## ART TALK RE-SCHEDULED FOR 12<sup>TH</sup> APRIL

Firstly, our sincere apologies to anyone who turned up for the morning talk last week - Alisa was delayed in Sydney but we have been able to reschedule for this week instead.

If you would like to know more about early artists working on Norfolk Island such as convict John Doody or surgeon James Stuart - please come along on Tuesday. The same presentation will be repeated so people have the option of attending before or after work.

Locals and visitors are all welcome.
