IVENS F (TOON) BUFFETT ENVIRONMENTAL TRUST PROJECTS - ROUND 7

Five applications for environmental projects under the Round 7 of the Ivens F (Toon) Buffett Environmental Trust have been approved.

The projects, which have a combined value of \$47,812, will see a broad range of activities undertaken across the island, all aimed at improving environmental outcomes for waterways, native plants and animals.

Among the successful projects to be funded are works to improve water quality, perform creek regeneration works, create leaky weirs, conduct priority weed control, revegetation, cattle exclusion from a waterway, installation of off-stream watering, increased water retention in waterways, erosion reduction, existing native vegetation regeneration, improvements in nesting sites for wedge-tailed shearwaters.

Council and the community can look forward to seeing the projects progress over the next 18 months and enjoy the great environmental benefits that they will provide.
